Equipment, Component, Panel and Rating Plate Labels

Equipment and component labels are long-lasting, durable materials that make it easy to identify control, electrical materials and more. Ideal for marking backer boards, DIN rail, relays, PLCs, switches, solenoids and more. Rating plate labels create serial or rating plates with barcodes, graphics and more.

- Flexible with high-tack adhesives for easy and long-lasting adhesion
- Various sizes in several durable materials
- Rating plate labels offer a metal looking finish

Bin, Storage, Reflective and General Industrial Labels

Choose from several materials and types of labels that offer an aggressive adhesive for use in commercial and industrial applications. Bin, storage & industrial labels are ideal for commercial/ industrial applications, while reflective can be used for low light or inclement weather conditions.

- Recommended for low surface energy and textured surfaces
- Reflective is ideal for outdoor utility poles and pedestals, job-site equipment and roof-top equipment
