

 **CRESCENT**
Wiss[®]

Tradesman Shears

Trusted by the Trades.

Not just scissors and shears... Precision cutting tools made for pros.

Led by our redesigned Heavy-Duty Tradesman Shear and Heavy-Duty Utility Shear, the new and improved line of Crescent Wiss shears and scissors offers the performance, strength, and durability professional users need. Every scissor and shear has been upgraded with new features that deliver more comfort, superior results, and longer life. High-performance models feature titanium-coated blades for smooth, powerful cuts and several have a full metal core for maximum strength and durability.

CW10TM Heavy-Duty Tradesman Shear

Our redesigned premium professional shear continues to deliver exceptional performance in the shop or on the jobsite with improved ergonomic design, full metal core, and titanium-coated blades.

CW7T

Designed for Comfort, Performance, and Long Life

All Crescent Wiss scissors and shears carry on the tradition of quality started by Jacob Wiss back in 1847. Old world craftsmanship is combined with the latest materials and manufacturing technology to bring you scissors and shears that are more comfortable, deliver superior performance, and last longer than ever before. You can count on Crescent Wiss...the leading name in professional cutting tools.
