

MANUAL STAPLE GUNS

Our comprehensive, market-leading product range caters for demanding professionals and DIY enthusiasts alike and has been developed to cover all situations and requirements. Our staple guns may be used once a month or eight hours a day. They may be used for tough, outdoor construction tasks or the most delicate of interior or hobby work. Whatever your requirements are, our market-leading expertise and experience means we can offer a solution that gets the job done. In addition, we bring you unique innovations such as our Powercurve® Technology. Of course, the majority of Rapid staple guns are Swedish made and deliver quality and unequalled durability – everything that makes life easier and more effective for the user, whatever the task they face.

Suitable for: textiles, building materials, low-voltage cables, moisture barriers and thinner wood.
