Installation

WARNINGS!

*Do not exceed the weight capacity of this product. Overloading this product might result in injury or property damage. This product can support the following weight: up to **4.4 lbs (2 kg)**.*

*Ensure the **Tablet** has been properly secured before use and/or adjustment.*

Attach the Tablet Mount Adapter to a Monitor Mount

The **VESA Bracket** is compatible with VESA patterns 75x75 and 100x100 mm.

Certain **Spring-Assisted Monitor Mounts** require a minimum weight to counterbalance the spring mechanism, if this is being used with one of those mounts, follow the appropriate step below.

Non-Spring Assisted Monitor Mounts

1. Place the **Washers** (x 4) on the **M4x8 Tamper Resistant Screws**.

2. Align the holes located on the **VESA Bracket**, with the holes, located on the **Monitor Mount**.

3. Insert the **M4x8 Tamper Resistant Screws** (x 4) through the **Monitor Mount** and into the and **VESA Bracket**, tighten using the **Star Bit Tool**.

Spring-Assisted Monitor Mounts

1. Place the **Washers** (x 4) on the **M4x8 Tamper Resistant Screws**.

2. Gently place the **Weighted Plate** over the **VESA Bracket** and ensure the holes located on the **Weighted Plate**, are aligned with the holes located on the **VESA Bracket**.

3. Align the holes located on the **VESA Bracket** and **Weighted Plate**, with the holes, located on the **Monitor Mount**.

4. Insert the **M4x10 Tamper Resistant Screws** (x 4) through the **Monitor Mount** and into the **Weighted Plate** and **VESA Bracket**, tighten using the **Star Bit Tool**.

Attach a Tablet to the Tablet Mount Adapter

1. Slide the **Clamp** outwards to accommodate the **Tablet** diagonally.

2. Insert the opposite corners of the **Tablet** in the **Clamp**.

3. Secure the **Clamp**, using the **Lock** and **Key**.
