01942-058Z Z-Select 2000D 60 Receipt

Receipt, Paper, 58mmx250m; Direct Thermal, Z-Select 2000D 60 Receipt, Coated, 25mm Core

- Direct thermal matte top coated 60 micron receipt paper
- Z-Select materials feature a protective topcoat, which provides the following benefits over an equivalent uncoated material (e.g. Z-Perform): excellent print quality and definition, faster print speeds, improved printhead life.
- When printed to its optimum image density and when handled and stored correctly, printed images will remain legible for 12 years
- Very good environmental resistance to heat, humidity, light, plasticiser and water. BPA free.
- Not recommended for applications involving exposure to moisture and solvents or long term exposure to heat or UV light sources. . Recommended for applications such as electronic citations, delivery receipts, parking fines, mobile POS, retail queues, or check-in tickets

Specifications
