

EAN:	4013288220509	Size:	230x60x13 mm
Part number:	05033637001	Weight:	31 g
Article number:	Kraftform Kompakt VDE 3067 iS TORX® SB	Country of origin:	CZ
		Customs tariff number:	82054000

- Reduced shaft diameter and integrated insulation protection
- In this way, low-lying TORX® screws can be accessed and actuated
- Insulated, individually tested as per IEC 60900
- Blades made of stainless steel to prevent extraneous rust
- Vacuum ice-hardening provides the required hardness and strength
- 9 mm hex drive with with entry chamfer

VDE stainless blade with reduced blade diameter with integrated protective insulation - low-lying screw and spring elements can be easily reached and operated. Individually tested tools as per IEC 60900. Individually tested at 10,000 V for safe working at the approved voltage of 1,000 V. Wera's stainless steel tools are vacuum ice hardened and therefore have the hardness and strength properties required for screw connections. Industrial use is possible without restrictions.

Kraftform Kompakt VDE Stainless

Screw stainless steel together with stainless steel!

Solution to the rust problem: screwdriving stainless steel together with stainless steel! Wera stainless steel tools are manufactured out of stainless steel so unsightly rust can be avoided.

Individually tested

Our screwdrivers are tested for dielectric strength under a 10,000 volt load to make sure that their insulation, has been exhaustively tested. Each individual Wera VDE screwdriver is subjected to this test to guarantee safe working up to 1,000 volts.

VDE interchangeable blade with reduced shaft diameter

Reduced blade diameter with integrated protective insulation, allows sunken screws and spring elements to be accessed and actuated, individually tested as per IEC 60900.

Blades for handle

The VDE-insulated Kraftform Kompakt stainless blades are suitable for the 3817 VDE Stainless handle.

Handle/interchangeable blade system – Kraftform Kompakt VDE

The handle/interchangeable blade system allows rapid exchange of the blades required for a wide range of applications.
