Bit-Check 10 Drywall 1, 10 pieces

Bit Sets for Special Applications

Set contents:

851/1 RZ PH
05135009001 9 x PH 2 x 25 mm

At the workplace

The Bit-Checks can be positioned upright at the workplace so the tool is always quickly to hand.

Bit holder with adjustable depth stop

The screw installation depth can be infinitely adjusted and allows the desired degree of countersinking of the screws.

Bits with reduced shaft diameter

Bits with reduced shaft diameter ensure that screws can be sunk without damaging the surface. This is particularly necessary in drywall construction applications.
