

Kensington Microsaver Cable Lock From Lenovo

 lenovo.com/us/en/p/accessories-and-software/computer-locks/computer-locks_computer-locks/0b47388

Part Number: 0B47388

Overview

The Kensington Microsaver DS Cable Lock From Lenovo allows customers to manage physical security access within the enterprise, offices, school, library or any other public or semipublic space. Cable locks help reduce theft, and increase physical asset security protection for laptops, laptop docking stations, desktops and flat panel monitors. The special thin lock head design fits ultrabook and ultrathin designed computers for added protection. Easy and quick locking and unlocking mechanism, with high security features, and size flexibility to fit the thinnest of form factors. Comes in a stylish charcoal color that matches well with the classic ThinkPad design.
