

T4 Solder Paste Sn42Bi57.6Ag0.4 - 2mL Cartridge

SKU: 100039

Printer compatibility:

- **V-One**
- **NOVA**

Description:

Dispensing solder is so easy with the V-One solder paste cartridges. Snap on this RoHS solder paste cartridge and the V-One will dispense solder paste onto the pads of your board. This solder paste is compatible with V-One printed boards and prefabricated circuit boards.

Use with 225um Subrex nozzles for best performance.

Specifications:

- Particle size — T4
- Alloy — Sn₄₂Bi_{57.6}Ag_{0.4}

Each cartridge prints approximately 11,000 0603 pads.

Cartridges must be kept refrigerated, and have a shelf life of 8 months.
