

# 3M™ PELTOR™ Communications Headsets

## 3M™ PELTOR™ Lite-Com BRS Headsets

### Communication Simplicity, All-in-One Productivity

Enhance employee safety and communication in noisy environments with a 3M PELTOR Lite-Com Two-Way Headsets. It features UHF two-way radio technology integrated into the headset for an all-in-one design simplifying communications between workgroup members. An efficient alternative to conventional portable radios.

### Features and Benefits

- 8 pre-programmed BRS channels and 38 CTCSS sub-channel settings
- Ghost voice menu prompts for easy mode selections
- Operates with 2 AA batteries (Rechargeable battery pack sold separately)
- Push-to-Talk (PTT) or hands-free Voice-Activated (VOX) transmit functions
- Federal Communications Commission (FCC) Narrow band mandate compliant
- Operates on communications frequencies that are subject to FCC and/or Industry Canada (IC) Rules & Regulations.\*
