# brennenstuhl®estilo Duplex Desktop Power Strip with surge protection, 1x USB C, 1x USB A, 9x protective contact sockets, silver/black

Desktop Power Strip in innovative, two-part design and practical clamp function for optimum power supply in the home office or at the workplace.

Product number	1153580210
EAN	4007123682171

DESCRIPTION

- The desktop unit has 2 socket nests as well as 1x USB C output with max. 30 W for fast charging and 1x USB A output with max. 18 W.
- 7 socket nests are located under the table for optimal power supply to your devices.
- Power strip with surge protection protects valuable devices from overvoltages with a max. leakage current of up to 19,500 A.
- Including function control light as well as additional acoustic warning signal in case of failing overvoltage protection.

- Protective contact sockets with increased contact protection in 45° arrangement, also suitable for angled plugs.
- Power strip with high-quality stainless steel finish and with illuminated, two-pole safety switch.
- Table socket strip is suitable for table thicknesses of 16-45 mm and can be fixed by tightening the screws.
- Anti-slip pads provide an ideal grip on the table.
