Hose Connector Hose Tail Adaptor

RS Stock No.: 146-3028

RS PRO is the own brand of RS. The RS PRO Seal of Approval is your assurance of professional quality, a guarantee that every part is rigorously tested, inspected, and audited against demanding standards. Making RS PRO the Smart Choice for our customers.

Product Description

Use this hose connector from RS PRO to join a hose to an industrial water gun or other device. You're assured a free flow of fluids, thanks to its straight body orientation. It's made from corrosion-resistant brass, so you can expect a long service life. It also comes with a three-year warranty for additional peace of mind. These connectors are supplied in boxes of 10.

Making a secure connection using this component is extremely simple. First, screw the male threaded connection on the other end into whatever you're affixing the hose to. Then, push the serrated tail of the connector into the hose. The hexagon can be used to tightened or loosened with a spanner. Hose connectors such as this one are suitable for general washdown applications in industrial environments such as clean rooms and car washes.

General Specifications

Hose Inner Diameter	1/2"
Thread Size	3/4" BSPT
Hose Connector Type	Hose tail
Body Material	Brass
Connector Gender	Male
Valved	No
Coupling Connector Direction	Straight
Thread Standard	BSPT
Maximum Working Pressure	25 BAR
