

WORLD ADAPTER PRO+USB

The Swiss Genius!

Boundless possibilities

iPads, razors, laptops etc often fade away in foreign countries - unless the SKROSS World Travel Adapter Pro+USB provides the necessary power!

Compact universal genius for travelling

You can find the right connection anywhere in the world, and charge two USB devices at the same time on top of that, with just one amazingly compact adapter? If you have the World Adapter Pro+USB, it's no problem at all. It's just as if its small, handy housing is home to the whole world. Thanks to its patented all-in-one country slider system which includes six different country plugs the adapter guarantees a safe power connections in more than 150 countries on all continents.

Unlimited versatility for laptop and iPad

Using the World Adapter Pro+USB you can use both **2- and 3-pole devices** right up to the maximum available power (up to 2500W), and at the same time you can charge two USB devices simultaneously at full speed. Therefore nothing prevents your laptop and iPad to be powered in New York, Sydney, Rome or London.

Suitable for travellers from all over the world

The World to Europe top, which is included in the Pro+ guarantees unbounded mobility for travellers from all over the world. No matter if you come from Rome, Seattle or Cairns - the patented multinational socket-layout is suitable for plugs from over 150 countries worldwide.

A powerful USB charger in seconds

You just need one movement to change the versatile travel adapter into a charging station for your USB devices. The World Adapter Pro USB enables simultaneous charging at full energy of iPhones, iPads and all other USB devices, also in more than 150 countries worldwide.

Swiss quality

"Designed in Switzerland" gets to the heart of the elegant, lightweight device's character: absolutely **safe**, always reliable and the highest possible quality - if you take this Swiss gadget on tour you will never have any connection problems again.
