RS PRO 6m VGA/SVGA HD15 Male to Male Cable - Black

Stock number: 2369093

EN

Our RS PRO 6 metre monitor cable comes with two high density 15 pin male connectors which is commonly known as a VGA or SVGA connector. It has all pins connected and ferrites at each end of the cable which help to cut out interference. The jacket and the connector hoods are made of black PVC.

The SVGA connector is one of the most common video connectors found on computers. SVGA is an analogue signal which is slowly being replaced by digital cables such as HDMI and DisplayPort.
