

Modern and exceptionally strong, this case is studied to resist even in the most extreme use conditions.

The double wall construction and the body in shock-proof high density Polyethylene, with great resistance to high and low temperatures and to most of the corrosive chemical substances, grant to this product the highest levels of reliability on the market.

General features:

- Blow moulded Polyethylene shells with incorporated feet
- 2 metal lid support stays with safety spring pawl and doublefixing point
- 2 locks with keys
- Steel hinge riveted in various points
- ergonomic handle, rubber coated grip

• Bottom with adjustable dividers

• Double wall construction technique

• Steel hinge riveted in various points for maximum resistance even in case of intensive use.

• GT's exclusive double blocking elastic System (for more details see page 44)

## BOMBER 170 PEL

- document wallet
- 2 tool pallets with elastic bands
- bottom with adjustable dividers
- 2 small component boxes

### INTERNAL DIMENSIONS (mm)

Model	A	B	C	D	E	
BOMBER 170 PEL	422	327	185	75	110	5,0
BOMBER 170 PTS	422	327	185	75	110	5,5
BOMBER 170 PSS	422	327	185	75	110	5,5
BOMBER 170 F	422	327	185	75	110	3,8

- FLEXI POUCHES PLUS™ - Patented Tool Fixing System (for more details see page 44)

## BOMBER 170 PTS

- document wallet
- 2 tool pallets with FLEXI POUCHES PLUS™
- bottom with adjustable dividers
- 2 small component boxes

- PSS™ - Patented Professional Storage System (for more details see page 44)

## BOMBER 170 PSS

- document wallet
- 2 tool pallets with PSS™ system
- bottom with adjustable dividers
- 2 small component boxes

## BOMBER 170 F

- top filled with convoluted foam
- bottom filled with layers of precured foam
- ideal to transport computers or sensitive equipment
