RS PRO 5 piece Alloy Steel Screw Extractor Set

RS Stock No.: 446-853

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

From RS PRO, this robust screw extractor set is ideal for removing broken screws and threaded bolts without damaging the thread. With a hardened chrome vanadium steel construction, the spiral fluted extractors are suitable for turning and retrieving many types of fasteners and studs of medium tensile strength. With a hardened alloy steel construction, this kit promises a long and dependable work life.
