

Tool Holders Collection

Open mind, creativity and flexibility are the main values that we believe in and that help us to design better and better collections for our diverse customers. We combine experience with research and new technologies and dedicate our attention to every step of product creation.

Our main intention is to support the marketing activities of our customers through our complete products, designed in line with their corporate identity and area of business.

As a consequence, we are presenting the brand new collection of products created specifically for the BAHCO.

We sincerely hope that our offer will serve yourselves as a strong marketing support and help to build up the recognition of the BAHCO brand. The Catalogue is dedicated exclusively for the BAHCO internal use and replaces all our prior offers.

*Yours sincerely,
GTC Team.*

CREATE YOUR OWN TOOL BELT SET

Follow four easy steps to have your personalised tool belt set.

1 Choose Pouches

Each Pouch is designed for different tools. Find out which tools you are using mostly and choose the best pouches.

2 Add Belt

You have three different belts to choose from. The belt will be a base of your belt set.

3 Contact with Us

If you need any advice, we offer our wide experience in combining belts and pouches together. Just contact us and we will advise you how to create the most practical and useful tool belt set to suit your needs. Different kinds of jobs require different tools and consequently different carrying systems.

4 Get your own belt set

Now you are ready to use your own tool belt set according to your needs.

HEAVY DUTY BELT SET

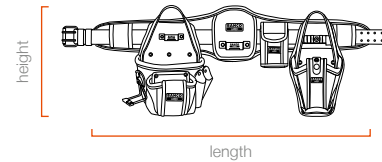

4750-HDBS-2

General features

The ultimate tool belt system is made from a combination of tough nylon and high grade plus synthetic stitching and riveted reinforcement. Moveable components, you can easily take out the pockets from the belt. Fully padded belt by 3D mesh breathable material for extra comfort when carrying heavy tools.

Technical Information:

	metric	imperial
height:	360 mm	14.04 in
length:	900 mm	35.10 in
width:	160 mm	6.24 in
weight:	1,550 kg	3.41 lb
volume:	2,250 l	0.50 gal

3 POUCH BELT SET

4750-3PB-1

General features

A professional solution for a hard working carpenters and builders features 5 handy pockets to cover most trade applications. Strong construction with riveted reinforcement – for truly industrial strength with galvanized washers top and bottom. Easy to adjust comfortable nylon belt with 50 mm polypropylene quick release buckle.

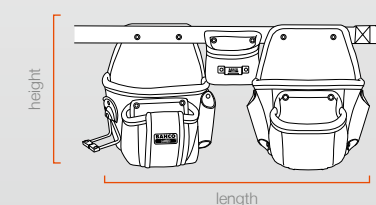

Outside features:
