FEATURES

- **Resistant to weathering**

- **Supplied in 20 m length reels**

- **Made from flexible and durable PVC**

- **Easy to fit, simply press into place by hand**

- **Grooved profile to hold edge into place**

- **Embedded metal insert for extra retention**

RS PRO PVC Black Edge Protector Strip, 20m x 16.8 mm x 10.5mm

RS Stock No.: 619-1534

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

From RS Pro a high-quality flexible edge protector strip or edging strip designed as a simple way to cover and protect the sharp edges of sheet material such as metal panels. The edge protector has a robust design which consists of a U shaped metal insert strip covered in an extruded black PVC coating. The edge protection strip is simply pressed into place by hand and the lips in the PVC coating and teeth in the metal insert hold the inserted edge in place using a clamping effect. There is no need for any additional preparatory work, tooling or adhesives

General Specifications

Product Type	Edge Protector
Material	PVC
Colour	Black
Applications	Rail industry, Shipbuilding, Buildings, Machine construction

Mechanical Specifications

Dimensions	20m x 10.5mm x 16.8mm
Length	20m
Width	10.5mm
Height	16.8mm
Ozone resistance	NO

Operation Environment Specifications

Operating Temperature Range	-40°C to 90°C

Approvals

Compliance/Certifications	RoHS certificate of compliance

Specifications:

Colour: Black
Material: PVC
Length (m): 20
Height (mm): 16.8
Width (mm): 10.5
