

Antenna 900MHz 2dBi Right Angle Monopole (RPSMA)

SKU:

ANT-900-RA-1/4W-RPSMA

Weight:

0.01 KGS

Product Description

900MHz quarter wave monopole antenna with RPSMA connector, 90 degree connector mounting.

This antenna is well suited for airborne UAV/FPV applications due to its light weight and small size.

It must be mounted on a ground plane to achieve the best performance.

Frequency range: 902-928MHz

Gain: 2.1dBi

VSWR: < 1.5

Impedance: 50 R

Polarisation: Vertical

Weight: 7.4g

Size: 52.2 mm long, 10.5 mm diameter at base

RF Connector: RP-SMA
