

Magic Keyboard with Touch ID for Mac models with Apple silicon - US English

apple.com/shop/product/MK293LL/A/magic-keyboard-with-touch-id-for-mac-models-with-apple-silicon-us-english

Overview

Magic Keyboard is now available with Touch ID, providing fast, easy, and secure authentication for logins and purchases.

Magic Keyboard with Touch ID delivers a remarkably comfortable and precise typing experience. It's also wireless and rechargeable, with an incredibly long-lasting internal battery that will power your keyboard for about a month or more between charges.¹ It pairs automatically with your Mac, so you can get to work right away. And it includes a woven USB-C to Lightning Cable that lets you pair and charge by connecting to a USB-C port on your Mac.

What's in the Box

Magic Keyboard with Touch ID

USB-C to Lightning Cable
