## Anti-microbial Film labels

**NEW!**

- Protect yourself, your colleagues, patients or guests from infections: with the new and innovative Antimicrobial Film Labels
- Film labels with 99,9% antimicrobial effect: removes 99,9% of all viruses, bacteria and germs
- Continuous and long-lasting self-sterilizing effect, harmless for health
- Effect clinically tested & proven by independent institutes acc. to ISO 22196
- An overall, to-the-edge print of the labels should be avoided, though
- In case of an overall print, the toner of the laser printer would completely cover the antimicrobial surface of the label, thus diminishing the effect on that area
- Permanent effect of at least one year
