- Silicone eartips with three size options — S/M/L (medium pre-installed)
- Matching, pocket-sized charging case
- USB-C to USB-C charging cable
- Quick Start Guide
- Warranty card

Designed for comfort

Beats Fit Pro is equipped with comfortable, secure-fit wingtips that flex to fit your ear. The universal wingtip design was put to the ultimate test by athletes of all kinds so you can trust these earbuds will stay put through work days and workouts.

Three soft silicone eartip options make it easy to find the right size.

For a comfortable, secure fit, gently twist earbud back and tuck wingtip into upper ear.

Surrounds you in sound

Beats Fit Pro supports Spatial Audio with dynamic head tracking for immersive music, movies, and games¹. Dynamic head tracking uses gyroscopes and accelerometers to adjust the sound as you turn your head, for a multi-dimensional experience that makes you feel like you're inside of it.

Transparency

Blocks external noise for immersive sound.

On-device controls

On-device controls allow you to manage music, toggle listening modes as well as take calls and activate voice assistant using the 'b' button.

High-quality call performance

Dual beamforming microphones pinpoint your voice while a digital processor cuts out external noise and wind, so your voice is clear and easy to hear.

Up to 24 hours of combined playback

The earbuds have up to 6 hours of listening time¹⁰ (with ANC turned on) plus an additional 18 hours¹¹ provided by its pocket-sized charging case.

If you need a little extra juice, 5-minute Fast Fuel charging gives up to 1 hour of playback¹² when battery is low.

Enhanced by the Apple H1 chip

iOS users will enjoy features like Automatic Switching between devices⁴, Audio Sharing⁵ with another pair of Beats headphones or Apple AirPods, and hands-free "Hey Siri"⁶ on Apple devices.

Compatible with Android

Beats Fit Pro easily connects to most Apple and Android devices via Bluetooth[®] right out of the box.

With the Beats app for Android⁸, you'll get additional features like one-touch pairing, customized controls, battery levels, firmware updates, and a Fit Test to help you get the best sound and fit out of your earbuds.

What's in the box

- Beats Fit Pro Earbuds
- Pocketable charging case
- Eartips with three size options
- USB-C to USB-C charging cable

⁶ Siri may not be available in all languages or in all areas, and features may vary by area. Internet access is required. Cellular data charges may apply.

⁷ Requires iCloud account and iOS 15.1, macOS Monterey 12.0.1, watchOS 8.1 or later versions. Siri may not be available in all languages or in all areas, and features may vary by area. Internet access is required. Cellular data charges may apply.

⁸ Beats app requires Android 8.0 or later. App is available on the Google Play Store and on beatsbydre.com.

⁹ Ear tip fit test requires iOS 15.1 or later, or the Beats app for Android.

¹⁰ Testing conducted by Apple in September 2021 using preproduction Beats Fit Pro and Charging Case units and software paired with iPhone 12 units and prerelease software. The playlist consisted of 358 unique audio tracks purchased from the iTunes Store (256-Kbps AAC encoding). Volume was set to 50% and Active Noise Cancellation and Transparency were turned on. Testing consisted of full Beats Fit Pro battery discharge while playing audio until the first Beats Fit Pro stopped playback. With Active Noise Cancellation turned off, listening time was up to 7 hours. Battery life depends on device settings, environment, usage, and many other factors.

¹¹ Testing conducted by Apple in September 2021 using preproduction Beats Fit Pro and Charging Case and software paired with iPhone 12 units and prerelease software. The playlist consisted of 358 unique audio tracks purchased from the iTunes Store (256-Kbps AAC encoding). Volume was set to 50% and Active Noise Cancellation and Transparency were turned on. Testing consisted of full Beats Fit Pro battery discharge while playing audio until the first Beats Fit Pro stopped playback. The drained Beats Fit Pro was charged to 100 percent, then audio playback was resumed until the first Beats Fit Pro stopped playback. This cycle was repeated until both the Beats Fit Pro and charging case were fully discharged. Battery life depends on device settings, environment, usage, and many other factors.

¹² Testing conducted by Apple in September 2021 using preproduction Beats Fit Pro and Charging Case and software paired with iPhone 12 units and prerelease software. The playlist consisted of 358 unique audio tracks purchased from the iTunes Store (256-Kbps AAC encoding). Volume was set to 50% and Active Noise Cancellation and Transparency was turned on. 5-Minute charge testing conducted with drained Beats Fit Pro that were charged for 5 minutes, then audio playback was started until the first Beats Fit Pro stopped playback. Battery life depends on device settings, environment, usage, and many other factors.
