## WAFER-TWEEZERS

For positioning of flat and fine components, e.g. extremely sensitive and breakable wafer (glass-wafer etc.) fi ne PCB's and LCD's very smooth and non-reflective surface high grade steel SA, anti-magnetic

		for

## **TITAN TWEEZERS**

Tweezers made from titan are for the highest demands, have a light weight, immunity to corrosion, even to aggressive acids, they are antimagnetic, antibacterial, solder-repellent, and non-reflective. The melting point is 1677°C.
