

Supplies

When the time comes to replace supplies, such as the toner or drum, an error message will appear on your machine's control panel or in the Status Monitor. For more information about the supplies for your machine, visit <http://www.brother.com/original/index.html> or contact your local Brother reseller.

The toner cartridge and drum unit are two separate parts.

Genuine Brother Supplies

Why choose Genuine Brother Supplies?

Genuine Brother ink and toners are the result of extensive research and development of over 100 different elements. Our toners are engineered to ensure each print is right first time, every time - with reliable operation, protection of the machine and long life print head guaranteed. Using non Brother supplies may affect hardware performance, copy quality and machine reliability.

Toner Cartridges

Genuine Brother toner cartridges are designed specifically to work with our laser system design. Each component of a Brother laser product is designed to work with the other.

All original Brother toner cartridges are manufactured to the highest possible standards in controlled clean rooms. Each cartridge is rigorously tested in order to assure users of the quality and performance they expect.

Working with you for a Better Environment

As part of our ongoing commitment to the environment Brother has teamed up with the Cool Earth charity to protect part of the Amazon Rainforest in Peru. In doing this we are preventing deforestation, reducing CO² emissions and allowing plant and animal life to thrive.
