

## Universal double port USB charger 2.4 A and 2.4 A

### General information

Double-port USB charger to charge iPads, smartphones, navigation systems, MP3 players, digital cameras and many other devices with a USB connection without a PC or notebook. It converts voltages from AC 110 to 240 volts into DC 5 volts and is very convenient at offices, at home or during travels. It is equipped with 2 USB ports and a high output power, which allows for 2 devices to be charged at the same time.
