

CEE INDUSTRIAL ADAPTORS

▼ GENERAL SPECIFICATIONS

- Manufactured compliant to international standards.
- Suitable for camping, gardening, for connecting equipment and electrical tools in general, when the available socket is not compatible with the user plug or when multiple outlets are needed.

▼ WARNING

- Use only for temporary and mobile installations; for fixed and permanent installations a suitable electrical installation must be provided.
- When not in use, make sure to disconnect the socket.
- Avoid connections with multiple adaptors.
- Adaptors with IP44 domestic sockets, are rated IP20 when the plug is inserted.
