

3M™ Headgear G500™

The 3M™ G500 Headgear is a robust, easy-to-use stand-alone face protection system that is available with a broad range of faceshields to meet the requirements of most industrial and forestry applications. These products have been designed with high quality in mind and therefore provides protection against impacts from the front and the side areas. When developing products, special attention is also paid to ensure maximum visibility and wearer comfort.

The 3M G500 Headgear is also designed to be combined with hearing protectors or a built-in communication system. A practical, convenient solution for face and hearing protection where no head protection is needed. The wide range of visors and hearing protectors allows for many industrial combinations.

Features and Benefits:

Frontcover

- + Ventilation for increased comfort. The frontcover is also designed as a cable holder in combination with Peltor Communication products.

Mesh Face Shield

- + 5C (Stainless Steel) is approved for "High Speed Particles" 45m/s (F) according to EN1731.

Integrated eyewear

- + To increase eye protection, G500 can incorporate the integrated eye protection range (V6*), that are available in clear, grey and yellow.

Hearing Protection

- + Thanks to the robust design of the headband, G500 can be used both with and without earmuffs. The slot is 30 mm and fits the Peltor P3E-earmuff attachment.

Headband

- + Robust design ready to be attached to earmuffs.

3M™ G500 Industrial combination

This combination shows the 3M™ G500 Headgear with a clear PC faceshield. (G500V5FH510-GU, XA007703805)
