

## GENERAL PRODUCT SPECIFICATION

**Item No.** SB-3

<b>Date</b>	16-6-2017	<b>Replaces</b>	10-05-2006	<b>No. Pages</b>	1
-------------	-----------	-----------------	------------	------------------	---

### Product Description:

<b>Style</b>	Spill barrier length= 3m, h= 5.5 cm, w=10.5 cm
<b>Composition</b>	1 – triangle serpentine spill barrier, 100% polyurethane
<b>Color</b>	Yellow
<b>Absorbency</b>	N/A

**Intended Application** Designed to contain or divert spills

**Absorbency Capacity** N/A

### Packaging Description:

Package configuration	1 Case	Pkg. Weight	13.9 kg (13.1 kg)
Items per Package	1 unit/Case	Pkg. Dimensions	61 cm x 61 cm x 12 cm (H)
Container type	Carton		

### Physical Properties:

<u>Parameter</u>	<u>SPC Test Method</u>	<u>Units</u>	<u>Nominal</u>	<u>(+/-)Tolerance</u>
Color	Visual	-----	Yellow	per standard

**The above properties are “nominal” values used for PROCESS CONTROL when the product is produced and/or inspected. Performance “nominals” may vary depending upon the specific application, and/or the environment being applied, stored, or shipped.**

<b>Attributes</b>	Product will be free of foreign material contamination, rips, holes, and tears.
<b>Labeling</b>	Each package to be clearly labeled with Company Name, Address, Item No., Date, and/or Package Code (Bar Code).
<b>Certification</b>	Make no changes in basic process or composition without notifying customer. Claims for non-conformance of goods must be made within 60-days of delivery.
