

# Dell Combination ClickSafe lock for All Dell security slots

---

## Detailed information

---

### Overview

The ClickSafe® Combination Laptop Lock offers effortless laptop protection with just one click for the ultimate in physical security. Includes two anchors for the Kensington™ and Noble™ security Slot.

### Features

- A 1.8m cable anchors to a desk, table or any fixed surface, and a keyless four-wheel combination offers 10,000 possible combinations
- ClickSafe® Lock provides one-step security after Security Anchor has been installed into the correct Security Slot found on Dell systems
- Tested against the most rigorous and thorough standards in the industry, the lock is tamper-resistant and will durably perform time after time
- The lock offers 10,000 different combination codes that can be selected by the user so it's personalized and more easily remembered
- Carbon steel cable is cut-resistant and anchors to desk, table or any fixed structure
- Register & Retrieve™ program allows you to look up forgotten codes
- One-handed engagement without need to use a key
- Dell recommends the use of a security lock to help prevent theft of hardware and data.

### Compatibility

All Dell devices with the Kensington™ or Noble™ security Slot
