

Computer Screen Cleaner Kit 120 ml

General information

Complete PC cleaning kit to clean PCs, TVs, tablets and notebooks from fingerprints, streaks and dust to enjoy a clear and smudge-free image and hygienically clean accessories.

It only takes a little alcohol-free cleaning fluid to be sprayed onto the washable, microfibre cloth, followed by wiping off the screen. The pre-moistened, anti-bacterial wipes can also be used. The cleaning formula does not drip and has an anti-static effect which keeps screens clean for a longer period. It is mild, containing no alcohol and leaving no scratches or other damage. The kit also includes a special accessory fluid to clean mice, keyboards and other peripherals.

Features

- Easy and scratchless removal of fingerprints, grease and dust
- Supplied with a double-sided suede microfibre cloth
- Easy to take along
- Supplied with washable, microfibre cloth
- Advanced fluid formula which is anti-static and anti-drip
