

TV and Smart Media Screen Cleaner Kit 60 ml

General information

Screen cleaning kit to clean TV, tablet, notebook or PC screens from fingerprints, streaks and dust to enjoy a clear and smudge-free image. It only takes a little alcohol-free cleaning fluid to be sprayed onto the washable, microfibre cloth, followed by wiping off the screen. The advanced formula does not drip and has an anti-static effect which keep screens clean for a longer period. The fluid is mild, containing no alcohol and leaving no scratches or other damage.

Features

- Easy and scratchless removal of fingerprints, grease and dust
- Supplied with washable, microfibre cloth
- The cleaning fluid formula has an anti-static effect and does not drip
