

Magic Keyboard Folio for iPad (10th generation) - British English

Magic Keyboard Folio for iPad (10th generation) - German

- **Overview**

The Magic Keyboard Folio is the perfect iPad (10th generation) companion. It features an incredible typing experience, a built-in trackpad to handle tasks with precision and a 14-key function row. The versatile two-piece design includes a detachable keyboard and a protective back panel that both attach magnetically to iPad. An adjustable stand offers smooth, continuous viewing. And the Magic Keyboard Folio helps iPad stay protected wherever you go.

Highlights

Comfortable typing experience with a scissor mechanism with 1mm travel.

Large click-anywhere trackpad supports Multi-Touch gestures and the cursor in iPadOS.

14-key function row for easy access to shortcuts.

Versatile two-piece design provides front and back protection and detachable keyboard.

Adjustable stand for flexible viewing angles.
