nedis

Network Switch | 5 Ports | 1 Gbps | LED Indicator Lights

General information

The smart home's network never stops growing: expand the number of network connections you have with this Nedis® Gigabit Network Switch with Five Ports.
Equipped with five ports, and offering an additional four for your wired network devices, this switch reaches signal speeds of up to 1 Gbps.
LED indicator lights reveal at a glance that all is in perfect working order.

Features

• Five port Gigabit Network Switch – to expand your network
• Signal speeds of up to 1 Gbps – for optimal performance of all connected wired devices
• LED indicator lights – for at a glance notifications
