

Non Contact Voltage testers & Magnetic detectors

PAN Voltfinder

Non Contact Voltage tester 12 - 1000V AC

- **Non-contact indication of AC voltage by red LED and beeper**
- For single-pole phase test, finding live wires, breaks in cables, defective bulbs in lights, etc.
- Powerbutton with battery status indicator
- Fully insulated, no metallic contact
- Auto power off
- **LED flashlight**

Scope of delivery: Operating manual

Technical Data	PAN Voltfinder
AC voltage (V ~)	12 V - 1000 V
Dimensions	156 x 20 x 20 mm
Weight (gross / net)	129 / 33 g
Required battery(s):	2 x 1,5 V AAA
Measuring category (CAT)	CAT III 1000 V
