

PRF 4-44 Air Duster

Flammable Air Duster

Technical information

Chemical substance: Propane & butane

Designation: PE4422, PE4440, PE4452T, PE4452FL

Net volume: 165ml/300ml/400ml

Pressure: 6 bar

Applications

PRF 4-44 Air duster contains compressed air for removing dust and dirt from electronic devices and hard-to-reach places. The convenient nozzle extension tube enables cleaning in tight areas.

NB! Turn off electronic device before spraying. Wait at least 10 seconds after use before restarting the device.

Directions

Place the extension tube in the nozzle. Spray to the object with short blasts to achieve the optimum pressure.

Use the product in an upright position. Never spray on open flames, sparks or other flammable objects.

Shelf life is 36 months from the date of manufacture.

Ecological information

Recyclable aluminium canister.

Product information

Package: Aluminium aerosol canister

Sales unit: Carton/12 cans

UFI: VX8X-U86W-D004-CH8C

UN number: 1950

Transport class: 2.1
