

DELL PREMIER  
RECHARGEABLE  
ACTIVE PEN

## PN7522W

Draw, write and create with precision with an active pen that has the longest battery life of up to 40 days on a single charge!

# PN7522W

## Create with ease

With 4,096 level of pressure sensitivity, this active pen offers fine pen control to design with varying strokes of lightness and darkness. The cone shaped nib is highly responsive with virtually no lag.

## Enhanced productivity

The active pen saves you the hassle of frequent recharge with the longest battery life of up to 40 days on a single charge.<sup>1</sup> Elevate your productivity with customizable top and side buttons that offer quick access to preferred shortcuts.

## Focus on creating without interruptions

World's first active pen with Tile locator<sup>2</sup> that helps you find your pen when you misplace it. The active pen comes with replaceable nibs and 3-Year Advanced Exchange Service<sup>3</sup> for peace of mind.
