

## PeakTech® 3440 BC PROD-ID: P 3440 BC

[BACK](#)

### Battery & Charger for PeakTech 3440 Multimeter

This charger with lithium-polymer battery of the latest generation extends our Peaktech 3440 graphical Multimeter with a power supply for the service, maintenance, and repair work in the field use.

Lithium-Polymer batteries combine high life time with a very low selfdischarge and memory effect. This ensures a long service life and storability without discharging of the battery.

- Modern technology
- Lithium Polymer battery
- High loading capacity
- Very low self discharge
- Very low memory effect
- High number of charging cycles
- Battery charger included

Type	Lithium-Polymer
Output Voltage	7,4 V DC
Capacitance	1200 mA/h
Storage Temperature	10° C...50° C
Weight	ca. 120 g
EAN-13	4250569403880
