 velleman.eu/products/view

EMS100

Features

- with automatic day/night detection
- adjustable: motion sensitivity, activation period, light sensitivity (SENS - TIME - LUX)

Specifications

Electrical Data

Maximum Rated Current Fluorescent	4.5 A
-----------------------------------	-------

Maximum Rated Current Tungsten	9 A
--------------------------------	-----

Maximum Rated Current LED	4.5 A
---------------------------	-------

Maximum Rated Load Fluorescent	1000 W
--------------------------------	--------

Maximum Rated Load LED	1000 W
------------------------	--------

Maximum Rated Load Tungsten	2000 W
-----------------------------	--------

Technical Data

Mounting Type	Ceiling
---------------	---------

Product Basic Info

Depth	120 mm
-------	--------

Width	120 mm
-------	--------

Weight	100 g
--------	-------

Material	ABS
----------	-----
