

# Miniature Rectangular Fascia Socket

## Features

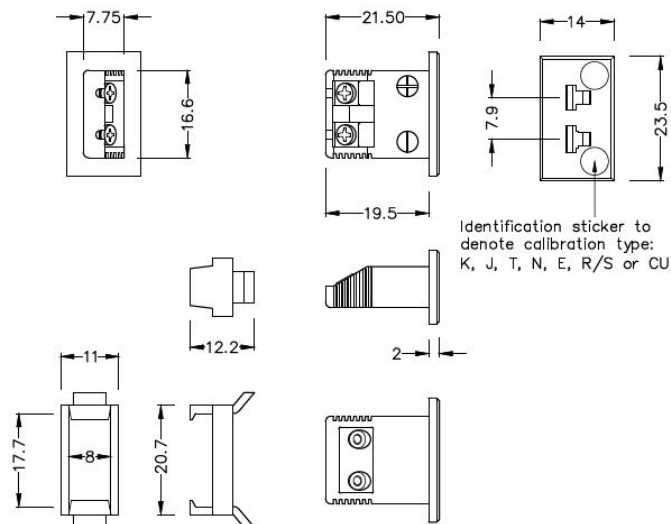

- Polyamide clip for quick, simple fixing to panel
- All fascia mounting sockets are polarised by means of unequally sized pins
- The connector provides a secure and stable connection for Type K thermocouples, reducing the risk of signal interference or loss

## Specification

Sensor Type	K
Connector Size	Miniature
Connector Type	Fascia Mounting Socket
Colour	Yellow
Max. Temperature	120 °C
+Positive Contact	NiCr
-Negative Contact	NiAl
Standards Met	BS EN 50212:1997; RoHS
