

Standard Thermocouple Connector Duplex Plug

Features

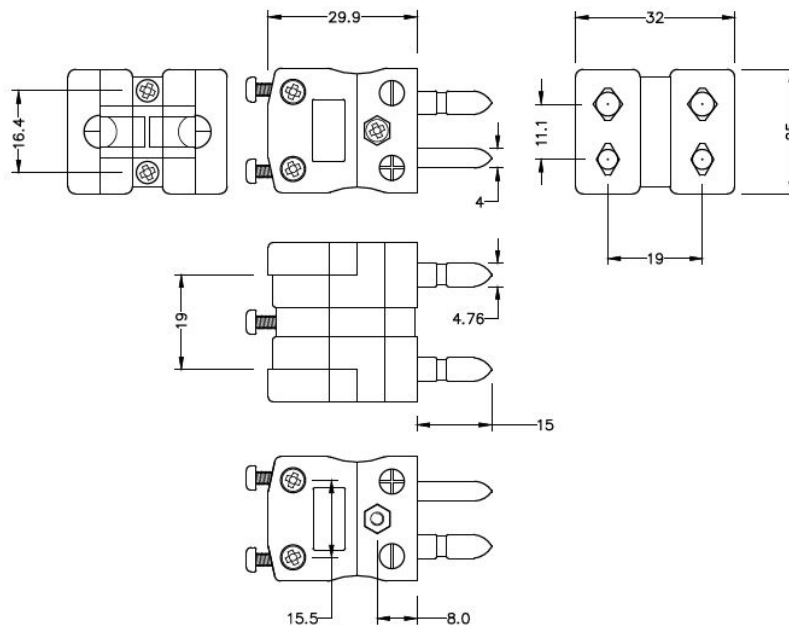

- The thermocouple connector features a robust stainless steel bracket, ensuring excellent corrosion resistance and long-term durability
- Provides a reliable and secure method for mounting the thermocouple connector onto panels, ensuring stable and consistent connections
- Suitable for a wide range of industrial applications where precise temperature measurements are critical

Specification

Sensor Type	J
Connector Size	Standard
Connector Type	Duplex Plug
Colour	Black
Min. Temperature	220 °C
Pins	Solid Round Pins
+Positive Contact	Fe
-Negative Contact	CuNi
Standards Met	BS EN 50212:1997; RoHS

Drawing
