RJ10 Modular Plug

RND connect

Features

• The RJ10 Modular Plug is specifically designed for telecommunication applications, commonly used in telephone systems and some types of data communication equipment

• The RJ10 Modular Plug follows a standardized pin configuration, ensuring compatibility with corresponding RJ10 jacks and sockets
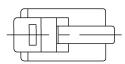

• Typically, RJ10 Modular Plugs are constructed with high-quality materials to ensure durability and reliable performance
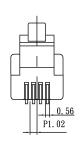

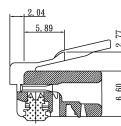

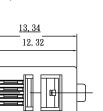

Specification

Contact Material	Brass
Contact Plating	Gold and Nickel
Mounting Type	Cable Mount
Operating Temperature Max.	60 °C
Operating Temperature Min.	-10 °C
Orientation	Straight
Number of Ports	1
RJ Connector Type	RJ10
Shielded	No
