

Protective Cap

Features

- Blocks dust from entering into the connection and causing jams or heat warping
- RoHS Compliant
- Ideal for use with ethernet networks in industrial applications and other harsh environments, providing that extra amount of electrical shielding

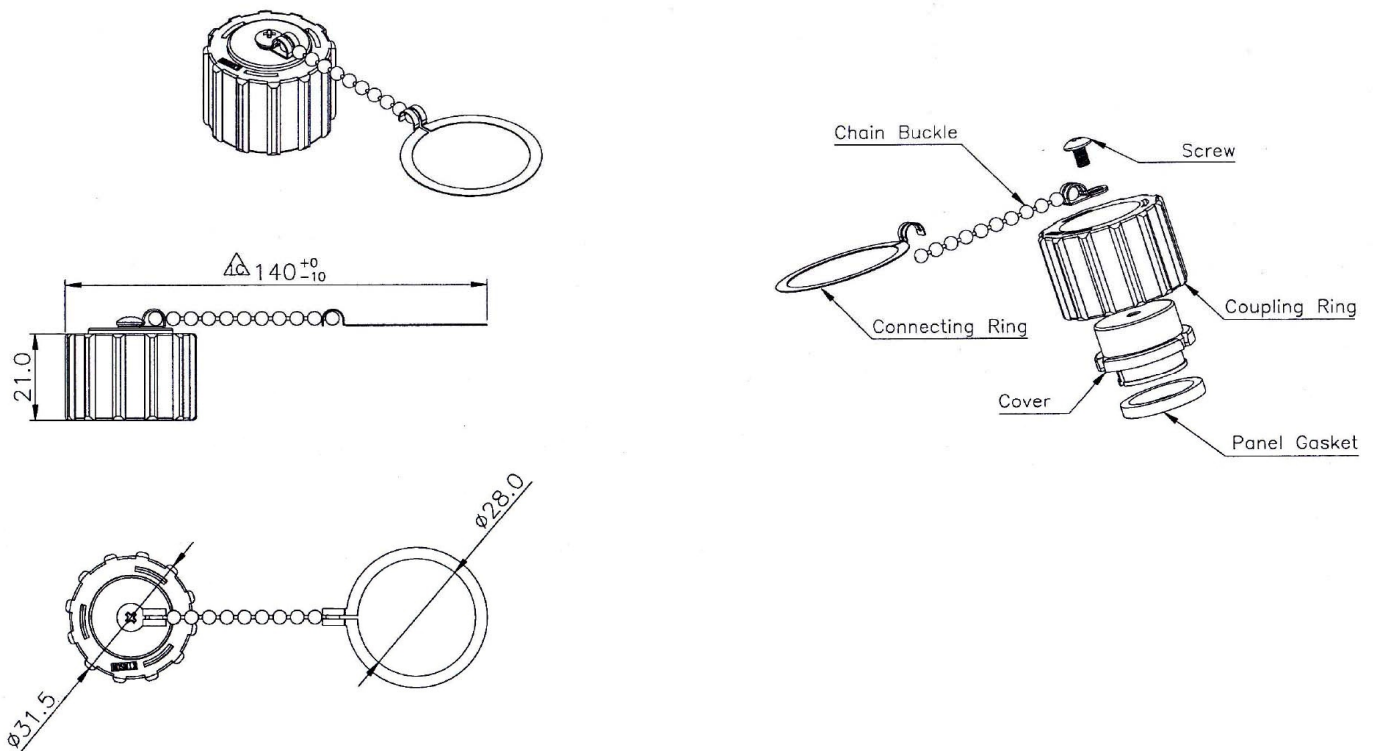

Specification

Colour	Silver
Contact Material	Nickel Plated
Case Material	Copper Alloy
Locking Type	Bayonet
Suitable for	RND 205-01533 RND 205-01534 RND 205-01535
Protection Rating	IP67

Material Specification

Connecting Ring	Stainless Steel
Screw	Stainless Steel
Chain Buckle	Stainless Steel
Panel Gasket	Silicone
Coupling Ring	Zn Alloy 3, Nickel Plated
Cover	Zn Alloy 3, Nickel Plated
