

Features

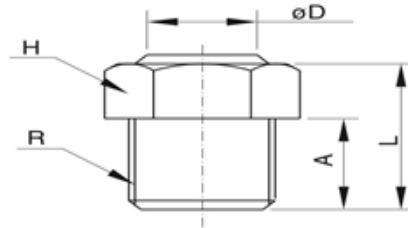

- Used for suppressing the noise of air release, applied to exhausted port of machine
- Excellent noise suppression effect
- Several options of material (brass, stainless steel, plastic)
- Compact design is suitable for installing in confined space

Specification

Material	Brass
Thread	BSP
Working Medium	Air
Working Pressure	0-0.9 MPa
Proof Pressure	1.32 Mpa
Proof Vacuum Pressure	-100Kpa(10Torr)
Working Temperature	0 °C ~ 60 °C

Product Range & Drawing

Part Number	R	A (mm)	L (mm)	H (mm)	øD (mm)
RND 425-00331	G 1/8	5.8	10	12	9.1
RND 425-00332	G 1/4	7	12.5	15	12
RND 425-00333	G 3/8	10	16	18	14.2
RND 425-00334	G 1/2	10	17	21	17.5
