

All in 1 Modular Plug Ratchet Crimper

Features

- Premium all-in-one tool designed for all telecom and network installers
- Crimps 4P/6P/8P (RJ22, RJ12/11, and RJ45) and 6P RJ11 DEC offset plugs
- Parallel crimp action with precision crimp dies performs an accurate aligned termination result
- Zinc alloy head ensures ultra-stable accurate crimp and improved visibility for easy access
- Upgrade full-cycle ratchet mechanism ensures quality consistent & repeatable termination
- Equipped with safety release to quick unlock and eliminate mis-crimp or obstruction
- Embedded a flat cable 1/2" or 1/4" stripping guide without pre-measuring needed for fast work
- Removable L part by screwdriver for 6P6C DEC offset plug

Specification

Length	205±3 mm
Weight	482 g
Material	Frame – Carbon Steel Handle – TPR + PP

Art. Nr.
RND 550-00531
