

## Features

- Desoldering braid (wick) is pre-fluxed copper braid that is used to remove solder which allows components to be replaced and excess solder to be removed.
- It is ideal for high volume PCB production/repair environments
- Rosin flux coated braid
- Fastest wicking action
- Less residue
- RoHS compliant
- Made of Copper

Product Range	Length	Width
RND 560-00266	1.5 m	1.5 mm
RND 560-00267	1.5 m	2 mm
RND 560-00268	1.5 m	2.5 mm
RND 560-00269	1.5 m	3.5 mm
RND 560-00270	2 m	0.8 mm
RND 560-00271	2 m	1.5 mm
RND 560-00272	2 m	2 mm
RND 560-00273	2 m	2.5 mm
RND 560-00274	2 m	3.5 mm
RND 560-00275	1.5 m	0.8 mm
