

# Swiss Grounding Plug

## Description

This ESD Earth Bonding Plug incorporates 3 x 10mm studs for connection grounding wire. Designed to connect matting, wrist straps or equipment to a common grounding point to ensure any static charges are dissipated safely. The distinct yellow colour also stands out to ensure that the plug is clearly visible and identified as the grounding point.

## Features

- Incorporates 3 x 10mm studs
- Swiss Version
- RND Brand
- Connect to grounding mats
- Attach to ESD Safe Wrist Straps
- Metal Earth Pin
