

Optional Termination Box Accessories

**Splice Protectors**

Splice protectors are used to protect the fiber splice. They are 2.4mm in diameter, and 45mm and 60mm in length.

Security Screw Kit

Provides secure, restricted access to prevent unauthorized entry. A special tool is required to gain access to the box.

Sealant Kit

A kit contain containing a unique polyurethane sealant used for sealing the cable interstices within the unit. The sealant is dispensed from a hermetically sealed 170ml co-axial catridge system, once mixed through the mixing nozzle and applied the sealant is an inert material.

Gas Seal Connector

Used for sealing a Blown Fiber tube. The connector simply fits over the tube providing a gas tight seal.
