Overview

With more and more data being created and passed around each day, we have given our flagship USB drive a modern upgrade to USB 3.2 Gen 1. The PinStripe USB now offers faster transfer speeds and larger capacities, allowing you to spend less time waiting and more time creating.

The PinStripe USB Drive from Verbatim has a push and pull sliding feature which protects the USB connection when it is not in use without the need for a separate cap which is easily lost.

In a lightweight, updated pinstripe design, the USB 3.2 Gen 1 version of the PinStripe is available in a range of capacities to suit your needs, creating the perfect everyday data mobility solution for everyone.
