

HDD Desk Blue 500GB 3.5 SATA 6Gbs 32MB(WD5000AZLX)
HDD Desk Blue 500GB 3.5 SATA 6Gbs 32MB

Built to WD's highest standards of quality and reliability, WD Blue offers the features and entry-level capacities that are ideal for your computing needs. WD Blue is designed by the brand that you trust with the quality you would expect for a tested, proven, everyday storage solution.

WD Blue storage is designed and manufactured with technology found in WD's original award-winning desktop and mobile hard drives. WD Blue sets the baseline for everyday storage by consistently delivering improved performance over previous generations while successfully maintaining WD's quality and reliability for over six generations. The difference is that their colors never fade, generation after generation.

WD Blue is available in a broad range of entry-level capacities, cache sizes, form factors and interfaces so you can be sure there's a drive that's the perfect fit for your system. However, not all hard drives are created equally and for your applications that demand more, WD gives you the power of choice.

Key Selling Points

- Trusted engineering
- A modern classic

Product Features

Trusted engineering

Built to WD's highest standards of quality and reliability, WD Blue offers the features and entry-level capacities that are ideal for your computing needs. WD Blue is designed by the brand that you trust with the quality you would expect for a tested, proven, everyday storage solution.

A modern classic

WD Blue storage is designed and manufactured with technology found in WD's original award-winning desktop and mobile hard drives. WD Blue sets the baseline for everyday storage by consistently delivering improved performance over previous generations while successfully maintaining WD's quality and reliability for over six generations. The difference is that their colors never fade, generation after generation.

Your power of choice

WD Blue is available in a broad range of entry-level capacities, cache sizes, form factors and interfaces so you can be sure there's a drive that's the perfect fit for your system. However, not all hard drives are created equally and for your applications that demand more, WD gives you the power of choice.

Recommended use

WD Blue storage is tested and recommended for use in desktop and All-in-One PCs, industrial applications, notebooks, and external enclosures where capacity is not needed. For additional capacity, look at WD Green capacity storage drives.

Main Specifications

Product Description	WD Blue WD5000AZLX - hard drive - 500 GB - SATA 6Gb/s
Type	Hard drive - internal
Capacity	500 GB
Form Factor	3.5" x 1/3H
Interface	SATA 6Gb/s
Data Transfer Rate	600 MBps
Buffer Size	32 MB
Spindle Speed	7200 rpm
Features	NoTouch ramp load technology, S.M.A.R.T.
Dimensions (WxDxH)	101.6 mm x 147 mm x 25.4 mm
Weight	440 g
Manufacturer Warranty	2 years warranty

Extended Specification
