

EHA - VARIO CABLE PROTECTORS SAFETY WHEREVER YOU GO

PROPERTIES

EHA VARIO cable protectors are robust and heavy and offer protection for cables, tubes, and hoses.

FIELDS OF USE

Storage and workshop areas, production spaces, construction sites and market places

COLORS

EHA - VARIO CABLE PROTECTORS

EHA VARIO cable protectors are laterally sloped and can thus be crossed easily by vehicles; due to their high deadweight they do not need to be additionally secured to the ground. EHA VARIO cable protectors of plastic enable cables to be arranged as desired for a given application on level but as well slightly uneven ground.

Thanks to a removable center strip as well as a detachable and sturdy cover EHA VARIO cable protectors can be customized as needed and are suited for inhouse as well as outdoor applications.

TECHNICAL DATA

Material	PVC
Length	1000 mm
Width	350 mm
Height	50 mm
Variable inner channel	2 x 25 x 38 mm, can be enlarged to 1 x 70 x 38 mm
Outer channels can be used	2 x 25 mm
Weight	10 kg

ARTICLE NUMBERS

Color	1.0 m Set
Black	45020
Black with yellow cover	45022
